Victory Call (STB)

- 5 August marked the fourth Victory Call for the 1st Sustainment Brigade. The monthly event, hosted this time by the Special Troops Battalion, provided an informal atmosphere for the Brigade's leaders to build and strengthen partnerships across the formation.
- There were approximately 250 personnel in attendance at the event. The Victory Call was open to all personnel in the rank of E-7 and above.
- LTC Marvin M. Thornton Jr., Commander of the Special Troops Battalion, provided an inspirational presentation on Engaged Leadership, after which senior and junior leaders discussed the topic in small groups while building camaraderie within the Brigade.
- Next month's Victory Call (date TBD) will be hosted by Joint Logistics Task Force 7.
